# Foreword

Students Development at Pad. Dr. D. Y. Patil Institute of Engineering, Management & Research, Akurdi, Pune integrates both in-class and out-of-class experiences of students. These educational efforts are directed at developing both intellect and character of students. To accomplish this, the institute makes available a wide range of educational experiences through programs and activities that complement and support the academic experience in the classroom. Although the primary focus of these activities is to advance students' learning, they also provide needed services, support, and recreational opportunities to help students meet the challenges of college and to enhance the quality of their personal and professional life. In view of the above, the Technical event '*INNOVISION 2K17*' was organized for students at the Institute by Technical Section. The key objective of this Technical Event was to serve as a research and training center for the development of creativity, knowledge and understanding theoretical concepts by applying them practically. To provide students with opportunities to motivation for apply their disciplines while meeting local and global community needs. To foster student learning, self-reflection, personal growth through local and global service endeavors. We would like to thanks Campus Chairman Hon. Satej D. Patil, Campus Director Col. S. K. Joshi, Principal Prof (Mrs.) Dr. A V Patil, Assistant Registrar Mr Y K Patil and Dr. Mrs. Minaz Alvi for their support and guideline for organizing technical event for students.

Mr. Sandesh Solepatil & Mr. Yogesh Jangale

Department Technical In-charge

## **INNOVISION 2K17**

Students seeking higher education need a conducive and secure environment that fosters their personal and professional growth. Besides the academic coaching that they receive from their teachers, guidance and mentoring from soft skills professionals or trainers would help them enhance their skill sets and develop important aspects of personality, knowledge and soft skills, viz: leadership, team spirit, sense of responsibility and accountability. This could be achieved by organizing Technical events. These events provide comprehensive counseling and referral services to help students achieve their educational goals, strengthen their problem-solving skills, develop healthy relationships, and reach their optimum potential for continuous growth. To endorse the development of such multicultural sensitivity, awareness, knowledge, and competence of the students, it was decided to organize Technical event, on the 17<sup>th</sup> and 18<sup>th</sup> January, 2017. These competitions were organized with an overall view of enhancing the personal and professional skills of the students' and also to maximize the opportunity for the development of their personal, social, intellectual and Technical qualities.
