Facility	Suggestions
Admin Office	<ol style="list-style-type: none"> 1. There isn't any centralised system so need to write too many letters for 1 thing and ask for signs from many layers by going to them. 2. Some members are not doing well, when we ask them some problem they not even bother to tell. 3.Ignore some time for helping. 4. Too much crowd because only one staff is there, please increase staff member.
Library	<ol style="list-style-type: none"> 1. Only students who want to study, read and prepare for exams should be allowed in the reading room after *6 pm* as other non-studying students disturb the students who want to study. 2. Library is important and useful for students who do not have enough room space and facilities. However, this should be noted 3.Evening time of reading room needs to be extended 4. In reading room more number of charging socket should be provided 5. Strict regulations should be there for maintaining silence in reading room. 6 reading room should be open on weekends 7. Washroom should be clean as the library is situated right in front the Toilet. Due to which the library feels suffocated due to the smell. 8.Library must have proper ambiance and comfort and privacy 9. They need to scale up the library in terms of seating capacity because it is hard find place in the submission and exam times period. 10. Suggestion I would like to add regarding library is that our Library time should be extended, it should be open even on weekends, there should be facility for charging sockets near as many as possible tables and instead of keeping a register college should implement the card with chip which would automatically enter the record just by punching it, it would be really great initiative. 11.Provide the personal id & password for Wi-Fi access 12.library Question paper facility, Library open at 8 AM to 8 PM

	13. Xerox centre should be there in library
Canteen	<p>1. Canteen servants need to learn manners of communication. Cook there makes such tasteless rice plate that they actually need some training at least to make aloo Paratha. Prices are too high when compared with quantity. A good college canteen is in DYPIMS opposite to our college.</p> <p>2. Poor washroom cleanliness and there aren't much sports facilities</p> <p>3. Classroom are not clean, Drinking water is not there Properly, washroom are not clean.</p> <p>4. During rainy days various classrooms, corridor were full of water that need to be improved.</p> <p>5. Is the ground dyPatil sports complex only for advertisement purpose? Students of dypimerdont have permission to practise or play over there</p> <p>6. Cost of food is a little issue</p> <p>7. Add the to very very poor option about canteen feedback.... Test of food was to poor but price are high compare to outside shops.</p> <p>8. Improve the water quality.</p> <p>9. A ground or space for physical or sports activity should be there to encourage variety of sports in the campus.</p> <p>10. DYPIEMR should also have canteen in college building</p> <p>11. Suggestion for the boys common room Don't allow the girls in boys common room Suggestion for the washroom Plz keep the washroom hygienic</p> <p>12. Wifi is not available in classroom and no sports activity is taken</p> <p>13. Conduction of Sports event is very poor/none. Washrooms are not clean and the amenities are broken. Security don't let us sit in the Campus even there is genuine reason. Campus wifi have no use there are very few connections and have poor speeds and please provide projectors in each classroom we have to change the classroom often times to access the projectors.</p> <p>14. Need personal canteen for engineering building</p> <p>15. Firstly our college doesn't have its own canteen, so please look after it ,</p>

	<p>there is no proper arrangement of drinking water for the students, classroom are not well maintained neither there is proper facility in classroom of projector , the benches we sit on are uncomfortable and unfinished properly because whenever we sit on them we constantly have to give attention so that our clothes don't get damaged because of unfinished net applied underneath , the Wi-Fi barely gives a good speed other colleges have Wi-Fi speed up to 200mbps , even though our college has popularity but facilities are really below average and it's a shameful thing.</p> <p>16.PlzInstall fans in some classroom. And Sports activities must be organize. Drinking Water should be available all time in academic hours.</p> <p>17.Cost of food is quiet high and there is no variety of food.</p> <p>18.Development is good thing but also think about student safety</p> <p>19. Please provide the projector & screen in every classroom of mechanical department</p> <p>20. Majority of times there is no water in washroom and even at drinking points, Wi-Fi points should be increased.</p> <p>21. Hello sir, Some projectors, fans and lights are not working properly. Please replace.</p>
