### Activity Report

<b>Activity</b>	<b>Session on “Sustainable Manufacturing through Waste Recycling”</b>
<b>Department</b>	<b>CIVIL ENGINEERING</b>

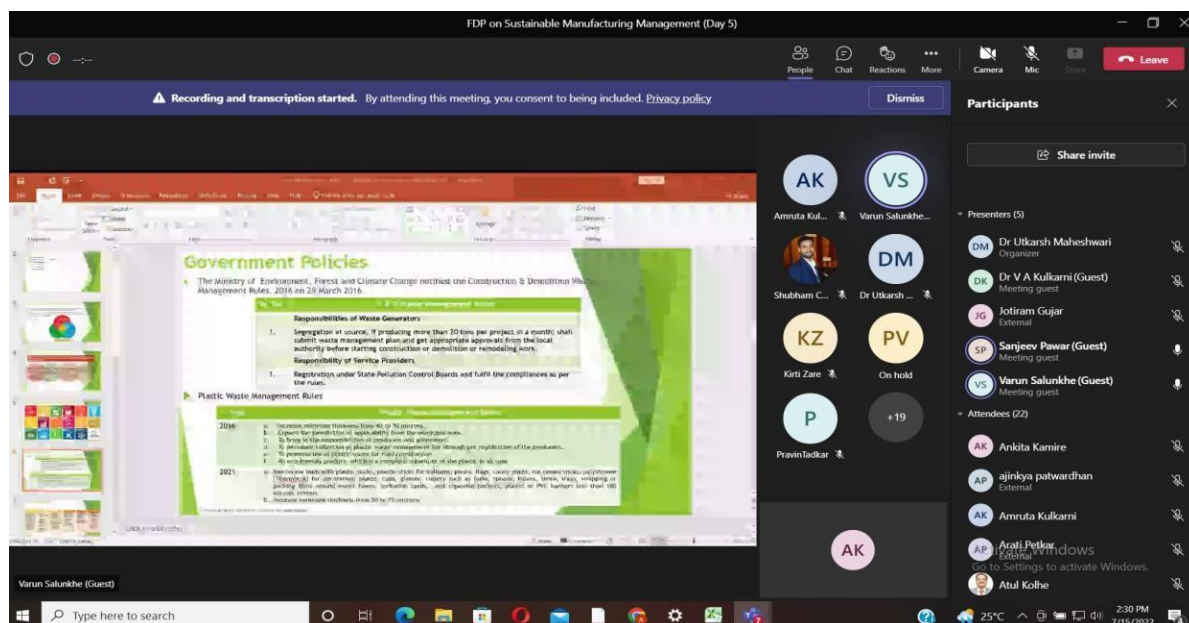

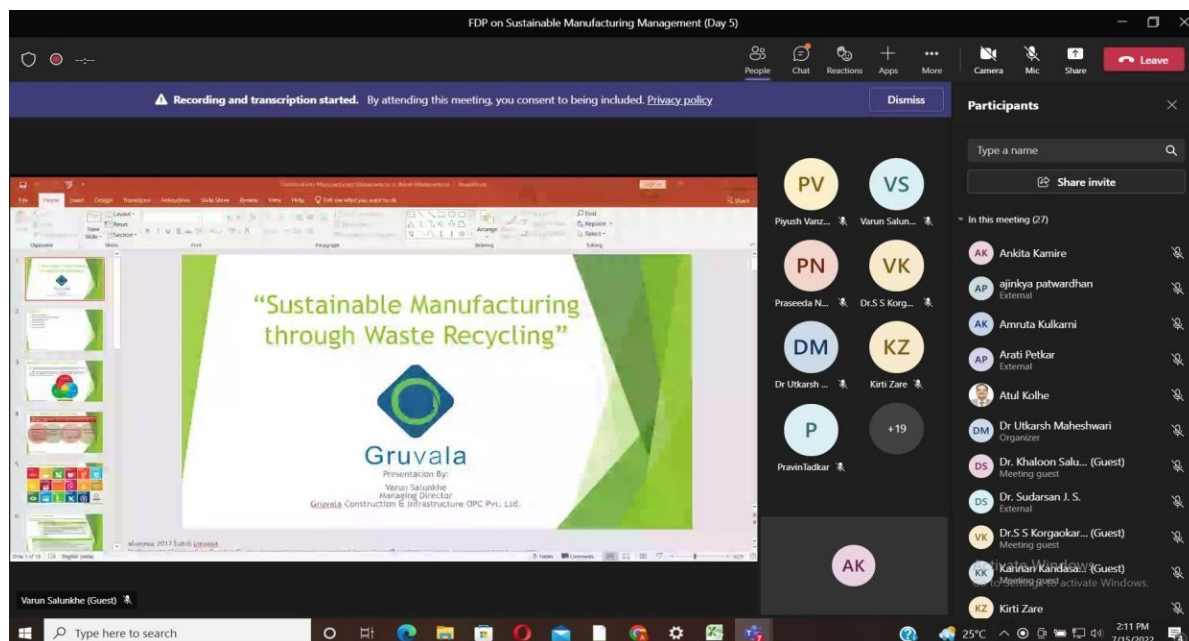

<b>Title</b>	<b>Session on “Sustainable Manufacturing through Waste Recycling”</b>
<b>Date</b>	<b>15/04/2022</b>
<b>Name of Speaker</b>	<b>Varun Salunkhe.</b> <b>Managing Director at Gruvala Construction &amp; Infrastructure (OPC) Pvt. Ltd.</b>
<b>Objectives</b>	To provide insights regarding following things: 1. To empower the world with essential innovations to thrive 2. To Learn Sustainability is a competitive advantage. 3. Explore sustainable manufacturing initiatives. 4. To set a goal in carbon neutrality in sustainable plastic manufacturing.
<b>Brief Description</b>	Recycling and Reusing of the wastes play a significant role in sustainability because it reduces the negative impact that human activities have on the environment. You may be an individual consumer or be part of a business organization or government, but you have an important role in making recycling a success.  This session gives a brief idea about what is meant by sustainability, what are various effects of building sector on environment, and also about Government Policies and UNDP sustainability goals. Along with this the softwares available for this process are also described and the approach for reducing waste which is used by Gruvala Construction and Infrastructure and number of products prepared by them as an outcome of waste recycling are also explained.
<b>Outcome</b>	Faculties will be able to prepare themselves for Sustainable Manufacturing by using concept of waste recycling.

<b>Title</b>	<b>Alumni Talks Podcast</b>
<b>Date</b>	25 <sup>th</sup> March 2022
<b>Mode of Conduction</b>	Offline Podcast
<b>Resource Person</b>	Mr Onkar Wagh
<b>Objectives</b>	<ol style="list-style-type: none"> <li>1. To give all the students a break from their routine and also an opportunity to interact with Alumni, different from the traditional way of learning.</li> <li>2. To act as a bridge between college and the industries for interaction on new developments in different disciplines of Mechanical Engineering.</li> <li>3. To provide an opportunity for the students to learn from College Alumni.</li> </ol>

<b>Brief Description</b>	<p>The Alumni Meet was held, with the coordination of MESA on 25<sup>TH</sup> March 2022 in the Mechanical Engineering Department. Registration of Alumni Talk was done using Google forms. HOD graced the occasion with his presence. The program was hosted in the form of a Podcast to engage students in a unique way. Members of the MESA Committee welcomed all the students and the Guest Speaker <b>Mr Onkar Wagh</b> alumni of our College. The teaching staff also joined the event for the maximum motivation of the students. A major area of focus of this Podcast was to Educate/Spread Awareness about the opportunities for all Mechanical Engineering enthusiasts. Total Attendees of the Event were <b>100+</b>. A few of the alumni also shared their experiences as well. The program ended with a Vote of thanks from the Host.</p>
<b>Conclusion</b>	<p>The event was stimulating and enjoyable and simultaneously profitable as Alumni Mr Onkar Wagh shared his views of new ideas, information, and insights into Mechanical Engineering. All MESA Committee express their gratitude to all teaching staff and Alumni for their guidance and support to make this event a grand success.</p>

Problem	Solution
Online trainers use excel sheet to prepare training & nutrition plan which is not very mobile friendly so need to use. Backup & can't design on the go.	F.A.S.T. Transformation System (Online Client At Your Fingerprint) will help trainers design deliver & even track client progress on the go.
Online Trainers spend hours designing the diet & workout plan for their clients.	F.A.S.T. Transformation System (Online Client At Your Fingerprint) will help trainers design, deliver & even update client plan in no time.
Online Trainers are not good at converting social media leads into paying customers as they lack the tools & skill for doing so.	F.A.S.T. Transformation System (Online Client At Your Fingerprint) will help trainers with automated funneling system for converting lead into clients.
Online Clients have to completely rely on the online trainers for even minor changes in their plan as it is difficult to recalculate & adjust the plan without trainers involvement.	F.A.S.T. Transformation System (Personal Trainer In Your Pocket) gives full freedom to modify the plan.
Online clients have to juggle between multiple apps to track calories & macros, track workout.	F.A.S.T. Transformation System (Personal Trainer In Your Pocket) gives complete access to track plan.
Online Clients have to do the guesswork of searching & watching random YouTube videos for exercise tutorials & recipes.	F.A.S.T. Transformation System (Personal Trainer In Your Pocket) gives complete access to exercise walkthroughs & macro friendly recipes.
