Term – I /II	Logo Design Competition	Date of Preparation : 05/08/2022

Activity Report

Activity	Logo Design Competition
Department	Chemical Engineering

Title	“ Logo Design Competition for Design and Simulation Club”
Date	01/08/2022
Objectives	<ul style="list-style-type: none"> • Students will able to identify a solution for a visual communication. • Students will be able to think creatively and able to design.
Brief Description	The Competition was the Design logo for Design and Simulation Club. Students from Design and Simulation Club of Chemical Engineering Department, DYPIEMR were invited to participate in Design and Simulation Club logo Design. It helps the students to express their creativity. A logo design is a competition to see who can create the best logo design for our club. The aim of this competition was enhance creativity of club members. A well-designed logo can communicate everything from club. There were 10 participants created the logo for Design and Simulation Club
Outcome	<ul style="list-style-type: none"> • It is a good way to engage the students in a fruitful creation. • Generates a creative thinking in all participants, something beyond the obvious answers and solution to a specific problem. • Generate more ideas and a design for a particular topic. • Improves analytical abilities to think on a particular given topic.
