Activity	Group Discussion
Department	Chemical Engineering

Title	“Group Discussion Competition”
Date	12/09/2022
Objectives	<ul style="list-style-type: none"> • Student will be able to enhance their knowledge about different topics. • Student will be able to explore and discover personal meanings of a text through interaction with other people. • Students will be able to identify a solution to a specific problem or issue. • Student will be able to improve their communication skill and leadership quality. • Students will be able express their views on different topics and current scenarios.
Brief Description	<p>The Competition was based of different themes which included topics like : Russian-Ukraine Crisis's Impact On India, Post COVID World and E-Learning : Pros and Cons. Participants were divided into different groups for group discussion event and topics were assigned by jury to different groups from the topics mentioned above. It helped the students to express their views on subjects and in formal situations. The aim of this group discussion was to enhance the confidence, communication skills, leadership quality and thinking capacity.</p> <p>Students from SE,TE,BE of Chemical Engineering Department of DYPIEMR were invited to participate in Group Discussion. 19 Students participated in Group discussion.</p>
Outcome	<ul style="list-style-type: none"> • It is a good way to engage the students in a fruitful discussion. • Group discussion generates a creative thinking in all participants, something beyond the obvious answers and solution to a specific problem. • It helps to improve thought process of an individual. • Generate more ideas and a structured presentation of a topic.
